No trash bin style dumpsters are allowed. Municipal code: Sec. 7-62. - Location of containers. No person shall place or maintain any garbage, trash, rubbish or debris containers in or upon public rights-of-way. Commercial or industrial haulers or contractors may use Dumpster or roll-off type boxes where the type, duration of placement and location is approved by the Public Works Department. No person shall permanently place or maintain Dumpster-type containers or roll-off type boxes in the front setback or sides of property bounded by streets (front yards/driveways/parking lots) in residential and commercial areas. All containers for garbage, trash, rubbish or debris for outside pickup shall be placed on the owner's or occupant's premises, within three (3) feet of the front curb where there is no alley, or in a dedicated City alley, on the morning of or in the evening before the day scheduled for collection; provided, however, that empty containers must be removed from the front setback or sides of property bounded by streets (front yards/ driveways/parking lots) of the premises as soon as possible after collection but not more than sixteen (16) hours after such collection. For multifamily residences or business premises that have no place for storage of trash containers in the side or rear of the premises, or for multifamily residences or business premises where trash haulers cannot access Dumpsters in the side or rear of the structures, permits may be applied for by the owners or lessees of the property to allow screened front setback placement of Dumpsters or other trash
